

Perth Amboy High School Case Study

About Us

Ghent manufactures high-quality whiteboards, glassboards, and display products designed to enhance communication in schools, offices, and beyond. Proudly made in the USA, our solutions combine innovation and durability.

The Project

Perth Amboy High School partnered with Ghent to install 73 custom Challenger Display Cases throughout the building. Ghent won the project with faster lead times, better pricing, and responsive service—delivering a cohesive, stylish way to showcase school pride and student achievements.

Facility Information

Location: Perth Amboy, NJ

Size: Whole High School

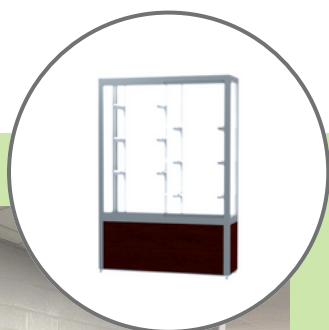

The Products

Custom Challenger Display Cases

- 73 Durable, stylish, functional display cases

Challenge

Perth Amboy High School in New Jersey was looking to upgrade its hallways with a cohesive way to showcase student accomplishments and school pride. While the original bid specified a different manufacturer, Ghent was able to step in with a smarter solution that better aligned with the school's timeline and budget.

Solution

We delivered 73 custom Challenger Display Cases installed throughout the building—from the front entrance corridor to every floor. Our ability to provide shorter lead times and competitive pricing helped us win the bid—and our team's responsiveness helped us deliver it seamlessly.

Results

The new display cases transformed the school environment—enhancing the overall look and feel while giving staff and students the space to proudly display trophies, memorabilia, and moments that matter.
