

BACK TO WORK

SOLUTIONS FOR THE WORKPLACE

COMMUNICATE, COLLABORATE, LEARN.

Communication and collaboration are the foundation of the workplace. Recently, safety has jumped to the top of employers lists as they bring back their employees from work from home to their workplaces. Safety of employees can be compromised without the proper precautions to protect their health and wellness. The new standard for workplace furniture calls for products made of materials that are easy to clean and disinfect, while also matching the design aesthetic of the space.

Wall mounted and mobile whiteboards and glassboards combined with personal protective equipment from Ghent and space division furniture from Waddell functionalize and complete spaces in all types of office environments. Combining durable materials and carefully considered construction, each product carries a warranty fit for the new office environment. With custom sizes, surface materials, and frames, the perfect tool for your office is just a call away.

Ghent has been the leader in the visual communication market for over 40 years, providing superior products such as whiteboards, glassboards, mobiles, bulletin boards, enclosed boards and easels.

CLEANABILITY

Ghent products are manufactured to be easily cleaned and disinfected. Surfaces and materials are specifically chosen to adhere to BIFMA's guidelines for performance as it relates to typical cleaners, disinfectants, and methods for cleaning and maintenance.

Cleaning:

Removes dust, debris, and germs from surfaces. Using a mild soap or detergent with water to remove any unwanted dirt from surfaces. To prevent the spread of viruses and bacteria, clean surfaces at a minimum between shifts, but ideally multiple times throughout the day.

Disinfecting:

Sanitizes surfaces and kills any bacteria or germs left on the surface after cleaning. Since using disinfectants does not necessarily clean surfaces or remove germs, but kills them, it is recommended to clean surfaces before disinfecting.

Compatible cleaners vary by product and surface. Generally, the following EPA approved cleaners will disinfect Ghent products without harming the surface. Please consult the specific cleaning recommendations for the surface specific to your product.

WARRANTIES

Quality and performance are hallmarks of our products. We guarantee all products to be free from defects in material and workmanship. If any product fails to perform under normal use, Ghent will replace it. At the end of the day, we want our customers to say "That's Exactly What I Wanted!"

SHIPPING

Arrives as expected, guaranteed. Ghent and Waddell's Dura-Packed packaging ensures products are protected throughout their journey. Through extensive research and development, a team of in-house and outside engineers developed custom packaging specifically created to protect each product through its shipping journey. Additionally, Ghent and Waddell have some of the quickest lead times.
