

MOBILE DIVIDER

Clear Glass and Plastic Mobile Units

Our workplaces are ever-changing and during a time of a pandemic, essential businesses are facing health and safety challenges like never before. We have transformed our mobile glassboard into a clear space divider that employees can use to separate workstations without obstructing the view between spaces. The clear plastic is available with a cutout for thermometer access as an extra margin of safety during the health screening process.

Features

- Overall dimensions are 74”H x 38”W
- Surface available in Clear Glass or Plastic
- Thermometer cut is 12”H x 2”W
- Glass and plastic surfaces are easy to clean and disinfect
- 10 year warranty on Glass
- 1 year warranty on Plastic
- Made in the USA
