Glass for the Outdoors

Ghent's Haven outdoor glassboard is designed for thinking outside the walls. Haven intentionally maximizes the effectiveness of your footprint by creating a "fourth space" outdoors. Architectural UV Powder Coat protects from the elements, while our Non-magnetic, tempered and laminated glass creates a durable writing surface that won't ghost, stain, or fade.

Complementary

The coated steel frame is paired with sleek glass writing surface to create a modern aesthetic that seamlessly blends into any outdoor space

All-Weather

Double-layered tempered glass with Architectural UV Powder Coat supports, Haven is built to withstand all weather conditions.

Possibilities

With the ability to install into multiple surfaces, including brick and concrete, Haven can bring new life into underutilized exterior walls.

Inspiring

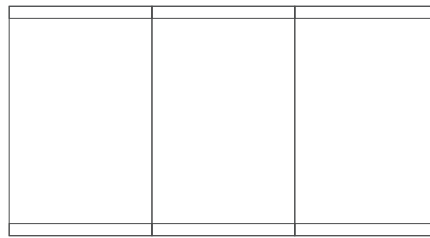

Expand your ideas and think outside the walls. Inspire greater collaboration by creating a new zone for learning and communication.
